Striking Plea by Principal Oliver, of Saskatchewan, for Western Freedom.

ALL ECONOMIC FORCES
CONTROLLED BY EAST

Sees Hopefulness in New Determination of People on the Prairies.

"Not for two decades have the people of Canada given to their fundamental problems of social and economic welfare such serious thinking as they have given in the last few months. I count it great gain that at the present time we do not stand convicted of lethargy. We have great reasons for hopefulness in the seriousness of our people."

These were some of the opening sentences in the address of Principal J. H. Oliver, of the Saskatchewan Agricultural and Mechanical College at the annual convocation of the University of Alberta on Wednesday afternoon.

Urban Growth
"We find at the present time," he said, "that our urban population is outstripping our rural population—that the cities are growing faster than the country. This is a fact of the greatest importance to the future of the prairie provinces. It is a fact which represents our national standards of living, and it is a fact which represents our national standards of living."

An important item in connection with the trip to Atlanta, Georgia, of the Alberta Shriners, of which a number of Edmontonians formed a part, was the advertising of this city and the province by means of souvenirs given away at various points en route, and that this feature of the trip, which is an important one to Edmonton, is already bearing fruit, was evidenced this morning when Laurence R. Hodson, of Chicago, displayed to a group of men at the Royal George, one of the souvenir pennants hanging from his watch chain and in his pocket one of the small sacks of Alberta oats that he had received from one of the Edmonton contingent while they were enjoining in the big American city in their way south.

Mr. Hodson, who is himself a Mason, came in contact with the Alberta delegation in Chicago on Sunday and along with many others was given the Edmonton souvenirs with a little boost for the Alberta capital city, and on his trip through the west this week is telling his fellow Masons and others of the great boosting spirit the Shriners displayed while at the reception given them here. Thus is Edmonton being advertised extensively from north to south in the United States.

Atlanta, Ga., May 14.—Having selected Seattle as their meeting place next year and with the election of officers and other business connected with the 1914 convocation completed the Shriners of the Royal George, one of the souvenir pennants hanging from his watch chain and in his pocket one of the small sacks of Alberta oats that he had received from one of the Edmonton contingent while they were enjoining in the big American city in their way south.

**AGITATION BY
RUTHENIANS
IS CONTINUED**

Section of Foreign Population in Their District Attack Schools.

GOVERNMENT ADHERES STRICTLY TO POLICY

None But Properly Qualified English Speaking Teachers Permitted.

Through the medium of the Ruthenian Conservative paper the "Nowyn" a section of disappointed political agitators are endeavouring to stir up and foment a riotous action against the Government of Alberta on account of its policy of strictly adhering to English speaking teachers in the public schools.

In a recent issue of that paper it is stated: "Our fight is not hopeless. The department of education capitulates now before our persistence and perseverance. Last year Minister Boyle passed a law which prohibited the public school as an epidemic of disease, but now he is winking in courtesy to do the same. The prohibition of Ukrainian teachers from last year from the schools by Fletcher as unqualified are now teaching without impediment at the Ukrainian schools. What does it mean? It means that Mr. Boyle has blunted his armour in the fight with Ukrainians although he has four years yet until an election. 'Fight people' is our advice and you will overcome your enemies."

Minister's Statement
Hon. J. R. Boyle, Minister of Education, when his attention was drawn to the above by the Capital denied absolutely that the department had in the least relaxed their policy of employing only English speaking teachers in the schools. "If any Ukrainians are teaching in Alberta," they are not being paid by the public, unless they are properly qualified to teach in the English language. The department does not object to these people having teachers of their own nationality providing they have attained the educational standing that is required of teachers of any other nationality. The government is opposed now as strongly as it ever was to lowering the educational standards of the province in order to allow Ukrainians or any other race to teach in the public schools without proper qualifications. Ample evidence of the short sightedness of any such policy is to be seen in the fact that the Ukrainians in Manitoba from where the agitation is now causing trouble in Alberta have come."

Alleged Persecution
Another paragraph in the editorial of the "Nowyn" runs as follows:—"The persecuted Ukrainian teachers—farmers arrested on the ground that they have taken the defense of their human laws disregarded by the robbers of the government—trustees punished for the fulfillment of their duty—knocked down by the liberal highway men and then punished for it with one stone in jail. Mr. Koryuk, a Ukrainian, arrested and charged on false oath of the liberal dog—all are martyrs for the native cause, martyrs who suffer and sacrifice in the fight for native schools for our people in Alberta will yet lead to triumph."

Disputed Facts
Hon. Mr. Boyle said these statements were distorted and inaccurate. In the case of the Ukrainian school trustees were fined for having interfered with the school teacher in the fulfillment of his duties. The trustees were not fined for having interfered with the school teacher in the fulfillment of his duties. The trustees were not fined for having interfered with the school teacher in the fulfillment of his duties.

To Form Labor Unions
Moscow, May 14.—The teachers' union in Moscow is planning to form labor unions and more clerks trust taken steps towards organizing labor unions and affiliating with the trades and labor council.

**WANTS AGENTS SENT
ABROAD TO TRY TO
STOP IMMIGRATION**

Ottawa, May 14.—In the senate yesterday Senator Casgrain, of Montreal, drew attention to the press reports of unemployed in Montreal, Calgary and Edmonton, and said the government should not induce laborers to Canada to join the social unemployed. He urged that the government have agents at every point of departure for steamers in Europe and warn the people there was no work to be had in Canada at present.

**WILL BE AFFAIR
OF STUPENDOUS
MAGNIFICENCE**

Annual Ad Convention at Toronto to Be Biggest of Kind.

FOUR SLEEPERS NOW MORE THAN FILLED

Lots of Time for Pleasure Even for Those Who Attend Sessions.

The Edmonton Industrial association has just received a copy of the program, as far as it is yet completed, of the tenth annual convention of the Associated Advertising Clubs of America, which will be held in Toronto, week commencing June 21, and to which the Edmonton association is sending a delegation, leaving here at midnight, June 13.

The convention will open with special services in many of the Toronto churches on Sunday morning, June 21. Most of the sermons will be delivered by advertising men. On Sunday afternoon there will be a big mass meeting in Massey hall, commencing at 3.30, to celebrate the 100 years of peace between the United States and Canada. Among the speakers at this meeting will be Dr. J. A. Macdonald, editor of the Toronto Globe and Mail, W. S. Fielding, ex-minister of finance in the dominion cabinet, two of Canada's most famous orators, Stuebe will be followed by the famous Mendelssohn choir, under the direction of Dr. A. S. Vogt, and the Highlanders band, which has been engaged for the whole convention week.

The managers of the convention will welcome the delegates to the exhibition of the Canadian National Exhibition, which is the chairman of the A.A.C. of A., of San Francisco, and the national anthem of the two nations, "God Save the King," and "My Country, 'Tis of Thee," both sung by the delegates. Messages will be read from the king and the president, and addresses of welcome made by the lieutenant-governor and premier of Ontario, the mayor of Toronto, the president of the Daughters of the Empire and the president of the Toronto Ad club.

At noon on Monday a group photograph will be taken of the whole convention—delegates and visitors. In the afternoon several prizes will be awarded to different sections and the evening of the exhibit of advertising materials and materials will be held. At 7.30 in the evening a moonlight excursion will be held on the steamers "Chippewa" and "Corona." Supper will be served on board and an orchestra and entertainment given on each vessel.

On Tuesday the convention will divide into different sections and the serious business will commence in earnest. At noon on this and every other day the Highlanders band will play a musical program. Between 5.30 and 7 on Tuesday a regatta and water sports exhibition, with the famous Toronto canoeist, Bruce Ridpath, will take place.

On Wednesday evening a band concert and military tattoo will be the chief attractions, the latter in honor of the 100 years of peace.

Thursday afternoon will see the completion of business, leaving lots of time for side trips and other amusements for visitors, even should they stay in Toronto only one week. The Industrial association is sparing no pains to make Edmonton one of the

**MANUFACTURING
VERY IMPORTANT
INDUSTRY IN CITY**

Concerns Turning Out Wide Variety Products Will Form Association.

EXPECT AFFILIATION WITH DOMINION BODY

Norman L. MacDonald Talks of Trip—Easterners Want Western Branches.

Edmonton's importance as a manufacturing center, even at the present comparatively early period in its industrial life, was clearly seen last night, when a meeting was held in the industrial commissioner's office in the Civic block by many of the heads of the manufacturing establishments in the city to form an Edmonton Manufacturers' association, with Alderman B. Campbell presiding.

There were present manufacturers of tents and mattresses, candies and chocolates, flour and wheat products, lumber, optical goods, women and dress, engraving, meats, pickles and vinegars, biglites, brick and building stone, iron and steel products, and other various articles. After considerable discussion it was decided unanimously to go ahead with the organization, and two committees were elected, as follows:

Committee Named.
To get into communication with similar organizations elsewhere and draft proposed bylaws and regulations: George St. Hill, industrial commissioner; Alderman G. H. May, A. E. Potter, of the Pioneer Vignar works, and J. J. Hurlbut, of the city. To secure charter members for the association: O. B. Olsen, W. H. Hatfield, Archie Randall, H. E. Johnson and W. J. Jewell.

Affiliate With C.M.A.
Norman L. MacDonald, of the Edmonton Leather and Shoe company, the leading spirit in the organization, was appointed secretary pro tem, and explained that although there was a manufacturers' section of the board of trade and although other organizations existed in the city which, as part of their work did, or tried to do, work for the manufacturers, still it was essential that a wholly manufacturing association be formed. For one thing, it would be necessary to become affiliated with the Canadian Manufacturers' association, and an Edmonton Manufacturers' association would be the only one in the city which could become so affiliated.

"When I was down east recently," said Mr. MacDonald, "I had an occasion to interview one of the big stove manufacturers there, and he told me that they were endeavoring to secure a rate on iron from the great lakes to Winnipeg. Now, if Winnipeg gets that rate, they'll get that stove factory, but if Edmonton can get it before Winnipeg, the factory will come here. That is only one case of eastern manufacturers seeking places for branch factories in the west."

Beard Will Co-operate.
F. T. Beard, secretary of the board of trade, stated that although he was not a manufacturer, the Edmonton board of trade, which had a manufacturing section, had had about 25 years experience in matters of transportation, for instance, and would be able to help local manufacturers in these matters, perhaps better than they themselves could. However, since they had decided to go ahead with the formation of a separate association, he would say that the board would co-operate with them and help them in every way.

Mr. Elber, in speaking about the board of trade, said that the board of trade had decided to go ahead with the formation of a separate association, he would say that the board would co-operate with them and help them in every way.

"I don't know exactly in what terms to put this, but that's my meaning," he stated. "They want to get their own freight rates for the west, the eastern manufacturers are only trying to push the market for their own goods farther west to your detriment. You in-

**ACTING PREMIER
PROMISES TALK
WITH EXECUTIVE**

He Discusses With Mayor and Aldermen What to Do With the Situation.

**CIVIC AND EXPERIMENTAL
FARMS BE SOLUTION**

Plan is to Separate the Agitators and to Give Them Board for Work.

Shortly after 2 o'clock this afternoon the unemployed league started its march to the parliament buildings to place their demands and grievances before Acting Premier Stewart. Having been told that the unemployed were starving, Alderman Sheppard rushed to the market square at 2 o'clock this afternoon with 140 loaves of bread and several bags of apples which he placed in the United Farmers building. He then made a speech to the crowd of unemployed and told them that each was welcome to half a loaf of bread and an apple to appease their hunger. Only one man appeared himself of the offer, and it did not belong to the I.W.O. or to the league.

The farmers and stall-keepers on the market square, opposite the post office, who are selling produce there, petitioned the city council to prohibit the holding of meetings by the I.W.O. or the unemployed on the square or in that immediate vicinity, as it is claimed such meetings injure their business. The petition was already signed by A. W. Kelso and nine others.

A determined effort is being instituted by the civic authorities to eliminate the question of the unemployed in the city.

The specially appointed committee consisting of Aldermen Kinney, East, Sheppard and the mayor went into the matter at the civic hall this morning. Deputy Chief of Police Wright and Civic Relief officer Turnbull were present.

Commissioner Booth stated that he was of the opinion that, if possible, work should be offered to the unemployed, and if they refused to work, as some of them have done, to turn them out of the city. The committee decided to pick fifty or sixty of the main agitators and those most noisy, and send them to the city farm to work for their board of lodging.

A telegram will be sent to the Dominion government to the effect that the merchants and business men of the city of Edmonton have petitioned the council to take steps to cope with the unemployed situation by giving them work board and lodging. The government will be urged to assist the men employment on public high-ways and other public works.

The committee adjourned and waited upon the Honorable Charles Stewart, Acting-premier, in his office at the post office building. The mayor read the resolution that was presented to the city council last Tuesday night by the Welfare League. He asked Mr. Stewart if it would not be possible to allow fifty men from the unemployed to be sent to the provincial experimental farm until the unemployed situation was solved in the city.

To Consult Executive
Mr. Stewart was of the opinion that this could be done and stated that he would take the matter up with the executive today. The farms at Athabasca and Stony Plain are the only ones where are any extra hands and possibly be done. If it be decided to send these men to the farms they will receive any salaries, but will get free board and lodging.

"You are now suffering from your action of generosity in dealing with these people last winter," stated the acting premier. "The district has been advertised as a relief district, and has been throughout the United States and Europe causing a great influx of unemployed to Edmonton to be relieved. A wire will be sent out today advising men to not come to Alberta unless they are experienced farm hands. If they are a few men could be taken care of in the A. & G. W. stated Mr. Stewart."

RETURNS FROM KLOONKE AFTER SIXTEEN YEARS

Frank Gelter, Joined Gold Rush on "Trail of '98,"

COMES OUT WITH FORTUNE AFTER HARSHNESS OF YEARS

Left Home—Against Mother's Wish—Has Brother Here.

A story which in many details tallies with the yarn of Robert W. Service's well known book, "The Trail of '98," was told today by Frank Gelter, an old-time prospector of St. Louis, Ontario, who after spending 16 years in Alaska and the Klondike mining and prospecting, is now returning for the first time since 1898 to his old home in the east, and is in Edmonton on his way to Oliver, a small station midway between here and Port Saskatchewan to visit his brother who is a farmer in the district.

In 1898, Gelter, then but 22 years old, had been working with his brother on his father's farm in the east, accused by the wonderful stories of wealth in the Klondike, joined the rush to the far north gold fields, going in by way of Vancouver and the boats. The two brothers started the trip together but the older one, now the farmer at Oliver, lost heart when he arrived at the coast and saw the hardships that would be met with on the trek inland to the gold mine, and returned to Winnipeg for a number of years and later took up land in Alberta.

Mr. Gelter, now but 38 years of age, looks almost twice that old, due to long working with his brother on his father's farm in the east, accused by the wonderful stories of wealth in the Klondike, joined the rush to the far north gold fields, going in by way of Vancouver and the boats. The two brothers started the trip together but the older one, now the farmer at Oliver, lost heart when he arrived at the coast and saw the hardships that would be met with on the trek inland to the gold mine, and returned to Winnipeg for a number of years and later took up land in Alberta.

NOTICE

Office of Jas. A. MacKinnon, Suite 206 Taylor Block, Edmonton, Alta., May 12, 1914.

In the Matter of the Estate of R. H. Miller, deceased, the undersigned, executor of the last will and testament of the said deceased, hereby gives notice that he has made an assignment of his estate to the undersigned, executor of the last will and testament of the said deceased, for the purpose of settling the same.

It is hereby given that the above named insolvent, Norman Sky and Joseph, has been carrying on business as General Merchandise, under the name of "The International General Store," in the city of Edmonton, Province of Alberta, and has made an assignment of his estate to the undersigned, executor of the last will and testament of the said deceased, for the purpose of settling the same.

The creditors are notified to meet at my office, Suite 206 Taylor Block, in the city of Edmonton, at 2:30 o'clock in the afternoon, of Wednesday, the twenty-seventh day of May, A.D. 1914, for the purpose of receiving a statement of the affairs of the said insolvent, and for the purpose of settling the same.

It is hereby given that the above named insolvent, Norman Sky and Joseph, has been carrying on business as General Merchandise, under the name of "The International General Store," in the city of Edmonton, Province of Alberta, and has made an assignment of his estate to the undersigned, executor of the last will and testament of the said deceased, for the purpose of settling the same.

ACTING PREMIER PROMISES TALK WITH EXECUTIVE

(Continued.)

"As our children always come to their fathers in times of need, so we come to the government as a parent of the assistance," stated Alderman Sheppard, when informing the acting premier that he thought the government was mainly responsible for the cutting of the unemployed.

"If you can secure me that the unemployed situation in Edmonton was not increased by the council's action last winter, then I will say it was a 'red herring,'" remarked Mr. Stewart.

Alderman East stated that after the city took action the parades stopped and the majority went to work. The situation was related in three weeks, and therefore, the evidence showed that his council's action did not increase the influx of unemployed, he added.

The whole country is deserted practically in the West and I hope the minister directs because the home-steaders have come to the city and are earning three dollars a day in salaries. In these districts alone schools that had an attendance of 80 scholars are now closed.

Mr. Stewart stated that the action taken by the council last winter has vindicated itself now, but if the city makes another grant more money will be required. Could the government not give \$25,000 to \$30,000 to the city to help these men to the farms, asked the mayor.

"That is a matter I will have to take up with the executive," replied Mr. Stewart.

IN THE PARLOR CAR

Beginning June 1 the Canadian Pacific system will run trains between Chicago and Detroit over the Michigan Central tracks, instead of the Washington & Annapolis.

At the Detroit tunnel connections will be made with the Canadian Pacific eastern lines for Montreal by 3 or 3 1/2 hours, and it is expected to have a train leave Chicago every morning about nine o'clock, arriving at the Canadian metropolis the next morning.

J. A. Chandler, of St. Paul, travelling passenger agent for the Chicago, Milwaukee and St. Paul and the Chicago, Milwaukee and Puget Sound, is in Edmonton today, to discuss the Michigan Central tracks, instead of the Washington & Annapolis. The Milwaukee has been extended to the Pacific coast during the winter, and runs two all-steel trains from Chicago to Seattle and Tacoma daily, the Olympian and the Columbian. Mr. Chandler is of the opinion that his road will have to establish an office either at Calgary or Edmonton to cover the traffic now originating in this part of the country.

"This city has a peculiar metropolitan aspect," said W. E. Blatchley, district manager of the Pennsylvania lines at Winnipeg, in the Canadian Northern offices this morning. "There are few streets even in Chicago and New York that Jasper avenue. This is going to be the important city between Winnipeg and the coast."

Mr. Blatchley announced that plans now for the new 165,000,000 station the Pennsylvania is going to build in Chicago, and which will also be used by the Milwaukee, Burlington and Alton roads. It will be bounded on the north by Madison, on the south by Twelfth, on the east by the river and on the west by Clinton street.

\$50 Tree Growing Prize

A year ago this Arbor Day we distributed several thousand trees as we did this year.

At the time we announced that a Prize of \$50.00 would be given by this institution, to the most flourishing tree in three years of those given away in May, 1913.

Hundreds of children and others who have these little trees now standing on their premises will please take notice that this is the time for entering their trees in the Three Year Contest.

If you are one of those,—or your little boy or girl is,—send the name and address to us at once. Your tree will be examined and its identity noted. You may be the lucky winner of the \$50.00.

1.35 Women's Print Wrappers 75c

Women's wrappers of print and warrapette with low turn down collar, long sleeve, belt at waist line. Bottom of skirt finished with flounce of self material. These come in Blue and White, Grey and White and Black and White. All sizes. Regularly 1.35. Reorganization Special 75c

—FLOOR TWO.

Hand Bags Friday Morning \$1.89

There are just one hundred and we expect them all to go Friday morning at such a price as this. You can see as well as we, that \$6.00 Hand Bags are pretty nearly "give aways" at this price. These are handsome little affairs and smartly silver trimmed. \$5.00 the least of them in the regular way. Friday Reorganization Special, each \$1.89

—MAIN FLOOR.

Women's Fine Footwear at Paper-Thin Prices

About 100 Pairs of Women's Pumps And Oxfords in a variety of leathers, broken sizes. Regularly \$3.50, \$5 and \$5.50, to clear. Reorganization Special, the pair 85c

TICKETS FOR GRAND CONCERTS Reserved: Each Performance, \$1.00. General Admission: 50c.

Plan of Seats now Open at York and McNamara Office 14 Jasper Ave. W. Phone 1855.

WOMEN FAINT, AND MEN CALL FOR AIR AT MARINE'S BIER

Chicago, May 14.—The return of the body of Samuel Meisenberg, the Chicago boy who was among the first of an American hearing to lose his life in the occupation of Vera Cruz, was marked by a panic in the city hall, where the body lay in state for three hours yesterday. So great was the crush to view the body in the rotunda of the municipal building that scores of women fainted while men, caught in the press, cried for air. Finally the crush became so great that police Lieutenant James Conroy sent in a riot call.

For Tampering With Switch MacLeod, May 14.—Fred Nibmer, of Bellevue has been arrested on the charge of tampering with the switch which wrecked a freight train at Bellevue last February 16. In this wreck Harry Thompson, the engineer, was killed, and several other men seriously shaken up.

THE UNSKILLED LABORER AND THE UNSKILLED THINKER.

Having made an exhaustive investigation of the present condition of unemployment in the city, a special committee of the Welfare League reports that in their opinion the chief cause is the unrestricted immigration of unskilled laborers.

It is to be noted that without first having come here, the immigrant could certainly not have become one of the local unemployed. That part, at least, of the league's diagnosis admits of no contradiction.

But does the league undertake to say that it is because the immigrant is unskilled, or an immigrant, that he is unemployed? What a joke.

With millions and hundreds of millions of acres of the finest land in the world lying idle all about the city and province, and with the cities of the world crying for food, the hitherto gentlemen of the welfare league would ameliorate the situation by stopping the immigration of men who might work the land if given the opportunity and a little direction.

If, as the economists say, wealth is labor applied to land then Edmonton has the potentialities of wealth in greater degree than any other commercial center on the continent. It has the finest land and the labor is here. But both are going to waste—the labor and the land—and the Welfare League decides that the reason why this is so is because the labor has been brought to where the land is.

By going to the top of the highest building in the city and looking around, the members of the Welfare League might see jobs enough for all the idle people in Western Canada. But the jobs belong to people who do not want them. Pingree, in Detroit, once set this matter partially right in a season of unemployment much worse than Edmonton is now experiencing by securing the vacant lots of the city, rent free to the unemployed to use as potato patches. Thousands of the very class of people whom the Welfare League claims should be kept out of the country because they cannot take care of themselves, spent the memorable summer of '93 in Detroit gardening the lots permitted to their use, with the result that Detroit suffered the least among northern cities in the winter that followed. The Poles, Finns, Hungarians and Italians of Detroit at least had enough to eat because they grew it themselves. They could do the same in Edmonton if given the same chance.

There is nothing wrong with the immigrant and the unskilled laborer. The trouble is with the natives and the unskilled thinking. The unskilled immigrant will take care of himself if he gets a chance, but the unskilled thinker generally precludes the chance.

NOT MUCH ROOM FOR SYMPATHY HERE.

A measure which seeks to render procedure under its clauses as simple as possible is being pushed through the house of commons at Ottawa to penalize those publishing false statements in real estate advertising, and among other things which the bill proposes to provide against is the pictorial representation which, by a contorted perspective, shows the subdivision in a much more desirable position than it actually is.

In the minds of the law makers at Ottawa this is salutary and very desirable legislation, and the real estate who foot easterners into buying bogus lots are being thoroughly and properly execrated in the hall beneath the dome.

But while the real estate who deal in bogus subdivisions are entitled to all the contempt that is being poured upon their heads it is remarkable that among the alleged intellectuals who compose the dominion house there is no one to arise to point out that, morally speaking, the eastern purchaser is not without some intent of obliquity, even though his actions may align with every legal requirement.

When the eastern speculator purchases a western lot he does so upon the understanding with himself that the industry of western people will make him a profit. He does not propose to live on the lot nor to contribute to the sum total of western industry. His capital invested is a hoarding capital. He proposes to take something out, over and above what he puts in, without doing anything for that which he takes out. In other words, he proposes to anticipate the necessities of those who are building up the west and to place a penalty against these necessities.

If the dominion law in question is to be framed upon a basis of ethics, the very first question which should present itself to the minds of the law makers is whether there is any moral justification for anyone owning a lot which he does not use and does not intend to use.

In Edmonton there are thousands of these lots in the hands of owners who live in London, Hong Kong, or New York. Many of them are being used by shakers, who are trespassers but who, nevertheless, by their presence in the city, help to make it valuable. Yet the more valuable the trespassers make the lots, the less chance they have of ever coming into possession of one of them on which to establish a home.

Look at it from this angle, when the easterner gets bitten on a bogus subdivision the western resident, struggling with the high cost of living, can scarcely be expected to shed any sincere tears over his disfigurement. It presents itself to him very much in the light of the man who, looking for the best of it, gets the worst of it. There is not much room for sympathy.

HIGH FINANCE IN RAILWAY ENTERPRISE.

Nothing can wipe out the fact that already Canada has given to the Mackenzie and Mann firm \$250,000,000 in one form or another toward the construction of a railway which requires \$450,000,000 yet to complete, that Mackenzie and Mann presented themselves with practically all the common stock for which they paid not one dollar, and that they awarded to themselves as a construction company the contracts, without tender, for the road which was being paid for with public money.

For building the Halifax and Southwestern—a Mackenzie and Mann railway—Mackenzie and Mann, contractors, received \$5,663,922; for building the Canadian Northern Quebec, \$4,228,889; for work done on the Canadian Northern Ontario lines, \$52,815,623; for Canadian Northern lines from Port Arthur to the Yellow Head, \$109,095,627; for Canadian Northern Pacific lines, \$34,760,909, with more to come; for smaller contracts, \$5,299,681. Not content with giving Mackenzie and Mann these fine contracts—paid for out of assistance given by the people of Canada—and giving them without tender, Mackenzie and Mann, railway owners, gave Mackenzie and Mann, contractors, the work of purchasing equipment for the railway. As a result of this move another score or so of millions was set down to the credit of Mackenzie and Mann.

How much of profit went into the pockets of Mackenzie and Mann through these arrangements is not known, may never be known; but it is reasonable to assume that upon contracts which they awarded to themselves without tender, and upon work which they themselves supervised and paid for out of cash and guarantees given them by the people of Canada, Mackenzie and Mann made an abundance of profits. They handled the money as controlling owners of the railway and they handled the money as contractors. Does anyone suppose that with such a "soft thing" as this in their control Mackenzie and Mann did not look out for themselves?

GOLF CHAMPIONS PLAYED TODAY: QUIMET DEFEATED

Sandwich, Eng., May 14.—Nearly all prominent players entered for the British amateur golf championship here next week were included in 170 competitors for the St. George's grand challenge cup today.

The competition is the principal amateur scratch medal event in the British Isles and is played over the Royal St. George's course. It is decided on the best aggregate for 36 holes, 18 played today and 18 tomorrow.

In the earlier rounds Douglas Grant, of Richmond, England, led the field with a score of 74. Later D. R. Ransom, of Crowthorne, England, made the round in 72.

Charles W. Evans, Jr., of Chicago, who was paired with John Hall, of the Royal Liverpool club, former amateur champion, took 80 strokes against his partner's 79. Fraser Hale, of Chicago, took 82. He was paired with Harold Weber, of Toledo, who took 83.

James D. Travers, of Upper Montclair, N.J., was drawn with Frances Quimet, open champion of the United States. Travers put out in a fine 58.

While Quimet took 39 strokes for the nine holes, Travers started out sensationally by taking the first and second holes in three strokes each, holing a 30-yard putt at the first.

Quimet made a bad start. He topped the second stroke and registered five strokes for the first hole. He found a bunker at the seventh hole, took two strokes in getting out and registered seven strokes for the hole. Travers fell off on the homeward journey, taking 18 strokes and bringing his total for the round up to 77.

Quimet took 41 strokes on the second half of the round, making his total 118. He missed a ten-inch putt at the 14th hole, where Travers holied a 12-foot putt.

C. W. Insley, of the Omaha country club, New York, did the round in 68. Henry J. Topping, of the Green which country club, Connecticut, took 80.

Farms Are Inundated
Chatham, Ont., May 14.—Scores of farms in the low-lying sections of Kent county and particularly those on the Halden Plains are inundated as a result of the heavy downpour of the past few days and great damage has already been done the crops that have been planted. It is not uncommon for houses and barns completely surrounded with water and the farmer using a boat. It was necessary to move the stock to the high lands.

Conductors Get Repriand
Winnipeg, May 14.—Word has been received from Ottawa to the effect that the board of conductors, which the western conductors of the C. N. R. asked from the department of labor has been refused and that the board is not possible to establish a board under the act in connection with the matter at issue.

Youngstown, O., Finds it cannot employ women on its police force because women are not voters.

Both Are Now In The Best of Health

Striking Tribute to Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

Mr. and Mrs. Tichit Both Searched in Vain for Health Till They Found the Wonderful Twin Remedies.

Rathwell, Man, May 13.—(Special)—"Both Mrs. Tichit and myself have been ready to swear, well of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets," says Mr. Scarpie Tichit, a well-known resident of this place.

"Mrs. Tichit was attacked with nervous dyspepsia. She saw a number of doctors, but could not get any relief, till she used Dodd's Dyspepsia Tablets and Dodd's Kidney Pills.

"For myself I could not eat much. I could not sleep well and I was troubled with bad dreams. I was utterly discouraged, when one of my friends gave me a little book telling of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets. After using them I could eat and sleep well. I also gained twelve pounds in weight."

"Both my wife and myself feel that we owe our health to Dodd's Dyspepsia Tablets and Dodd's Kidney Pills. The kidneys so that they strain all impurities out of the blood. Dodd's Dyspepsia Tablets digest the food properly, giving the body the nourishment it requires. With proper nourishment carried through the body by pure blood perfect health is assured."

Police Chief Cuddy Sued
Calgary, May 14.—Chief of Police Cuddy is being sued by the local lodge of the Citizens' Association for raising the premises of the celestial masons on the theory that the place was being conducted as a gambling house. They assert that the chief should have asked permission to enter the premises and to search the lodge, and ask for \$10,000 damages.

Thomas Miller, 87, St. Louis, has been married 75 years without a divorce.

PLAS OUTLINED FOR DEVELOPMENT OF AGRICULTURE

Thomas H. Miller Addresses Industrial Association on Ever Important Subject.

WILL KEEP LIST OF ALL AVAILABLE LAND

Pantages Singers Delight Crowd With Splendid Rendition "Edmonton Songs."

Thomas H. Miller, chairman of the committee on agriculture of the industrial department of the Edmonton Industrial association, outlined the far-reaching work being carried on by the committee at the luncheon held in the Empire auditorium at noon today.

Mr. Miller first stated that the principal object sought was to get the land in the Edmonton district settled by experienced farmers. After that he thought other much-needed things, such as good roads, would follow naturally.

This was a big proposition; so big, in fact, that they had come to the conclusion that they would have to secure the aid and co-operation of all this part of Alberta. With this end in view they had got into touch with the boards of trade of all the towns within a radius of about 100 miles of the city, and invited them here to discuss the situation.

Unanimous in Approval

Although the notice was a brief one, no less than 18 delegates had come to the luncheon two weeks ago, and had talked over the matter afterwards. He said to say that they had unanimously approved of the work it was proposed to do; namely, to establish and maintain a permanent exhibit of agricultural products of all parts of the district, on the ground floor of a central part of the city, also to exhibit at the San Francisco and San Diego fairs.

Help to Get \$500,000
In connection with the exhibit that more results could be obtained and more people come into contact with the two fairs than by traveling through a dozen or more states. Moreover, many of the states would not allow western Canada exhibits at the state fairs, but they were glad to get them at San Francisco and San Diego.

The speaker referred to the statement made recently by Dr. H. M. Torg, principal of Alberta university, that this province could support a population of 10,000,000 people if the work now being done would help in attaining that goal.

He stated that it had been estimated that every farmer was worth, on the average, about \$1,000 worth of trade per year to the city or town in which he traded. The more farmers that could be induced to come to any part of the Edmonton district, the more the city would benefit. He did not matter where they went as long as it was in this district.

Will List Lands
The association intended to have literature issued regarding each part of the district, listing the lands available for settlement, either by homestead or purchase, so that prospective farmers would be able to get the hands of irresponsible parties who might be interested in selling them certain lands at exorbitant prices, whether it was to their own advantage or not.

If a few men with voices like those who are at the Pantages this week would join the association in making their trip to Toronto the songs which it is proposed to sing would certainly make his with everybody. At least that was about the unanimous opinion of those who attended today's luncheon and heard the chief singers, who were Manager C. L. Gill sent here.

Aroused Enthusiasm
Everybody joined in the chorus of two of the songs which have been submitted in response to the \$50 prize offered for the best song, but nothing else was needed but the Pantages voice artists to rouse the enthusiasm of all the red-blooded Edmontonians. Mr. Gill, after a voice of thanks had been passed, recited one of Kipling's pieces in a way that intensely pleased everybody.

Constitution Adopted
The constitution of the association was finally approved of, after a few more clauses had been read by the secretary.

W. H. Hall, of the poultry branch of the dominion department of agriculture, was present and briefly addressed the crowd.

Vice-president H. A. Roth occupied the chair in the absence of President Magrath who is taking a prominent part in the North Battleford convention.

Choral Union To Meet
A social gathering of the members of Edmonton Choral union will be held in the Blue Room tea room tomorrow night, to mark the close of the second session. Members, prospective members, and friends are cordially invited.

A bright program has been prepared, and refreshments purveyed by Hepburns, Ltd., will be served during the evening a good time is assured.

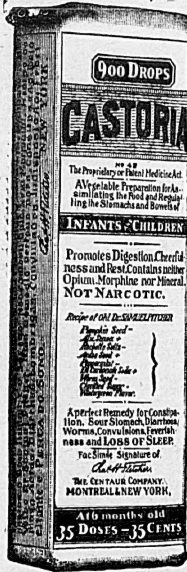

Police Chief Cuddy Sued
Calgary, May 14.—Chief of Police Cuddy is being sued by the local lodge of the Citizens' Association for raising the premises of the celestial masons on the theory that the place was being conducted as a gambling house. They assert that the chief should have asked permission to enter the premises and to search the lodge, and ask for \$10,000 damages.

Thomas Miller, 87, St. Louis, has been married 75 years without a divorce.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. **CASTORIA DOES NOT CONTAIN NARCOTICS**, if it bears the signature of Chas. H. Fletcher.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander D. Mittle, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. Agnes V. Swetland, of Omaha, Neb., says: "Your Castoria is the best remedy in the world for children and the only one I use and recommend."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Bremer, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boardman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

GENUINE CASTORIA ALWAYS

The Kind You Have Always Bought
In Use For Over 30 Years.
THE CENTAUR COMPANY, NEW YORK CITY.

FIRST THINGS

The first white man to set foot on the soil of Massachusetts was Capt. Bartholomew Gosnold, who, after a passage of forty-nine days from Falmouth, England, discovered land 312 years ago today, May 14, 1602. It was a "mighty headland" which greeted the sea-weary eyes of Gosnold and his crew, and, from the quantity of codfish in the vicinity it was christened Cape Cod. That long arm of land stretching out from Massachusetts has long been the delight of summer tourists and the despair of mariners, but the building of the Cape Cod sea level ship canal, now practically completed, will solve the difficulties of the latter. This great engineering project will connect Massachusetts Bay and Nantuxet Bay. The canal is about twelve miles long and twenty-five feet deep and will shorten the sea route between New York and Boston by about thirty-three miles. The first white child born in New England was Peregrine White, the original son of the Cape Cod, as the visit of the stock ordered on board the Mayflower, then in Cape Cod Harbor. The historic Mayflower remained in that harbor for over a month before proceeding to Plymouth.

Danger Reported by Steamer
St. John's, N. F., May 14.—The Dundas Line Steamer Tritonia, which has been caught in the ice fields at Notre Dame bay for the past two weeks, sent a wireless message to agents here yesterday, saying that she was in danger of being driven on Fogo Shoals by inshore winds. The ice pack made her unmanageable.

Public's choice for 40 years, and still without a rival.

GAGE AND CLAYTON BOTH WILD BUT ESKIMO WON HIS OWN GAME

Locals Win 6 to 5 But Bronko Rally In Ninth Scared Everybody—Clayton's Two Hit Brongko in Runs—Seventeen Free Passes to First—Stub Spencer Caught Headly Game—Povey Featured in Double.

Twelve hundred fans nearly died of heart failure at last night's game with the Bronks, first because the Eskimos won, 6 to 5, and secondly because with a three run lead at the end of the eighth, the Eskimos almost lost the game in the ninth when they allowed two Bronks to cross the plate. Clayton walked Thompson, but Ryan's high fly was out by O'Brien and the awful suspense was over.

Mary Walked to First. But for a high peak to second by Spencer in the ninth, the Eskimos would have had a groovy game. Gage and Clayton were both very liberal with passes. Gage passed nine men and Clayton walking eleven. Clayton struck out four and Gage three, and each hit a batsman. Clayton won his own game, when in the seventh with bases full, he slammed a hit behind second which Piper and Thompson dropped between them, allowing Nordyke to score and Redmond followed him on Porter's boulder to slide.

During the seventh, following Clayton's hit, Redmond, running at third, bumped Reynolds a hard ball, laying him cold. Devereaux went on to fill up.

Clayton Had Good Season. There were lots of plaudits and excitement in the game, too. The ladies were present in goodly numbers to see the crowd numbered over the 1,500 mark. It was the 11th, and our lucky day, and the second win of the Eskimos was chalked up. Clayton was handed to Jack Clayton for putting the game on ice. His two clouts brought in runs, and although he was beat early and often for free transportation, he was steady in the tight places and to him goes the credit of having won both games the night before for it was he who pulled Killen out of the hole the other day. Clayton goes with the team to Calgary in case he is needed.

Umps Had a Quiet Day. There were no arguments either team last night, either the decisions of Umpire Nelson were satisfactory or else he had a big scare thrown into both teams, since his habit of fines has been learned. He had the game well in hand at all times. Bus Povey featured. In a double play when he caught Vivian's fly and pegged to the plate with a perfect throw, catching the runner, Ryan. When the eighth arrived and the Bronks went to out, there were moments of tense silence in fear that a repetition of Monday night's game might take place, but Mary Eskimo pulled through peacefully, the visitors going in short order.

The ninth was a heart throbber and almost a heart breaker, the Eskimos' three run lead shrunk to considerable when the Bronks put two over, but O'Brien saved the day when he caught Ryan's high roller over third. The reign of terror was ended, but it shortened the life of many a fan by a year or two.

Score Stood at Tie. Eskimos first run in the initial inning was due to three passes by Gage and O'Brien's meek hit, when Lennor threw high to catch him. Calgary got out in the second, when Thompson walked; Ryan was hit by ball, Strieb singled over first, scoring Thompson. They gathered two more in the third as a result of four short hits to Clayton, and a two-bagger, Reynolds and Coll coming across. Eskimo came right back in their half and tied the score. Goldie and Ruff gathered his, Nordyke walked and Redmond singled to Vivian, who fumbled and allowed the two runners to count.

Bronks Rally in Ninth. Gage walked Redmond in the sixth and he immediately stole second and came home on Clayton's single to right. This was the lone run of the inning, but Nordyke's crew got busy again in the eighth and grabbed two

GRAND MILITARY SPORTS PROGRAM FOR EMPIRE DAY

Golf Links to Be Scene of Gay Activity May 25 at 10.30.

VICTORIA PARK WILL BE NAME FOR BEAUTY SPOT Many Valuable Prizes Offered for Races and Other Events.

The committee that has this event in hand met Tuesday evening to receive reports of sub-committees. Mr. H. Williams presided. The sports committee have compiled a very complete list of competitions and will be kept busy making final arrangements. The prize committee reported the generous and ungrudging manner in which a number of citizens had come forward with gifts; these will be displayed shortly in a Jasper avenue store window. The judging will be done by a number of prominent and experienced residents. The city council have kindly promised the use of the golf links for the day, as well as all the help that can be rendered. An interesting ceremony will be the dedication of the new public use, and what is called a "christening" in giving these grounds the name of "Victoria Park."

The committee reported that the Empire have been desired to carry out this part of the day's program. Following is a list of the grand military sports events to be run off at 10.30 in the morning: 100 yard dash, open to 10 and in full uniform. Mounted race, open to scouts and cadets. 100 yards dash, open to inter-regimental. Lemon cutter, open to military. 100 yards dash, open to land representatives with instruments. 200 yards dash, open to inter-regimental. Tipping the bucket, mounted, open to all. V. race, dismounted, open to military and police. Thred-needle race, open to ladies' gents. V. race, mounted, open to military and police. Three-legged race, boy scouts and cadets. Wheelbarrow race, military and police. Wreath, mounted, teams of four. Relay race, foot, cycle and horse. Bug of war, mounted, teams of four. Race for girls, handicapped, school children under 14 years of age. Race for boys, handicapped, school children under 14 years of age. Ladies' pony race, open. Stretcher bearer race, boy scouts.

Gun Club Scores. Members of the Greater Edmonton Gun club yesterday indulged in their regular mid-week shoot at the traps and some good scores were made.

Members of the Greater Edmonton Gun club yesterday indulged in their regular mid-week shoot at the traps and some good scores were made. Dan McAfee and P. E. Bowen tied for first place with 44 out of 50. Following are the scores:

Member	Shot at Drove
P. Bowen	50 46
D. McAfee	50 46
C. Stanford	50 46
G. Speers	50 40
J. Folland	50 37
Cap. Robinson	50 37
N. R. West	50 34
A. Garbe	50 34
C. Martin	50 34
Dr. Hope	50 34
R. McFee	50 34
J. Bowen	50 34

There will be an inter-club shoot at the grounds of the Northern Gun Club Saturday, May 25 at 1:30 p.m. An invitation is extended to members of all other clubs to take part in the shoot. The 19 high men of each club constituting the teams.

The following scores were made at yesterday's shoot at the Northern Gun Club grounds:

W. A. Michael	S.A. H. Pet.
H. J. Crabbs	100 52 82
A. J. Teifer	75 60 59
C. M. Cowdrey	75 59 52.1
E. L. Kost	75 58 50.5
T. J. McManis	75 58 52.3

The following scores were made in doubles:

H. J. Crabbs	R.A. H. Pet.
G. M. Cowdrey	24 29 83.3
E. J. McManis	48 23 47.9
A. J. Teifer	24 28 56.1
E. L. Kost	24 29 52.3

Golfers Meeting. A meeting of all interested in golf will be held on Saturday, May 16, at 2 p.m. in the club house on the links. The main feature of the discussion will be whether or not season tickets should be introduced and what should be the charge for same. Commissioner Harrison will be in attendance.

MOOSE JAW LOSES TO MEDICINE HAT

Millers Start Rally in Ninth But Whisman Struck Out.

Moose Jaw, May 14.—President Jim Fleming sat in the grand stand here yesterday and watched his pet grab a game which the locals had won, by a score of 6-4. The Millers got a two-run lead in the first and held it until the seventh when Gavin weakened and two hits, a base on balls and a couple of errors, gave the home team a 2-0 lead.

The Red Sox hit Cadreau, Hurley's star heater, hard all the way through. The hitting of Herriot, first baseman being the feature. Cadreau and Walters; Bollinger and Roth.

City Football League. The management of the Edmonton Soccer league will meet at 81 Government avenue tonight at 8 o'clock. On Friday evening there will be a general meeting of the executive at the Y.M.C.A. at 9 o'clock to discuss the question of lowering the admission fee to the senior games at Diamond park.

Lacrosse on Saturday. There will be a game of lacrosse at Diamond Park Saturday afternoon at 2:30 p.m. between the North Side and the south side senior teams. The game for May 25th, the Adams of Calgary being the visiting team.

REGINA SOX AND QUAKERS TIE 5-5

Merry Row Over Ground Rules—Cadreau Was Hit Hard and Often.

Regina, May 14.—Regina fans went from the grounds last night, satisfied that the Red Sox here pulled out a glorious victory but according to a later decision of the umpire, Colgate, he will recommend that the game stands unfinished, and that when Saskatoon next plays here the teams finish out the 9th inning, leaving Regina men on third and second base and only one out.

Ground Rule Dispute. The trouble arose over a ground rule dispute and the surging of the crowd on the field. Starting the last of the 8th Saskatoon was leading 5 to 3. With one out Casey Smith sent in a pinch hitter, singled. Zoeller's error put out a clean home making the score 6-1. Henry and Jack Smith beat out an infield hit putting runners on second and first. Williams hit to Cadreau who in trying to force Henry to 3rd, heaved over the bleachers. In the excitement the tying and winning runs were scored and the crowd, wild with joy, rushed onto the field. Saskatoon players started an altercation claiming that under the ground rules Casey Smith was entitled to score but Henry should have been held at 2nd. The umpire secondarily rattled and a wild time ensued. Later the decision was given as announced. The home team against Regina won the way through, the locals outplaying the Quakers in the field and out-slugging them 16 to 4.

The Red Sox hit Cadreau, Hurley's star heater, hard all the way through. The hitting of Herriot, first baseman being the feature. Cadreau and Walters; Bollinger and Roth.

City Football League. The management of the Edmonton Soccer league will meet at 81 Government avenue tonight at 8 o'clock. On Friday evening there will be a general meeting of the executive at the Y.M.C.A. at 9 o'clock to discuss the question of lowering the admission fee to the senior games at Diamond park.

Lacrosse on Saturday. There will be a game of lacrosse at Diamond Park Saturday afternoon at 2:30 p.m. between the North Side and the south side senior teams. The game for May 25th, the Adams of Calgary being the visiting team.

City Dairy vs. Welch. The Edmonton City Dairy and the Edmonton Welch will meet in an intermediate league match at the South Side grounds tonight; kick-off at 8:45 sharp.

Best of the City Dairy team are requested to be on the grounds at 8:30: Dickie; Smith and Lindsay; Taylor; Spratley and Rutter; Green, McIntyre; Clarke, Hunter and Hughes.

FAMOUS RACERS

AT SPRING MEET MAY 23, 25, 26TH

Over 100 Thoroughbreds Now in Stable—Many of the Best in Canada.

Dan Logan, with a pacing record of 2:02 3/4 fane, and to Sir Albert S. whose record is 2:02 3/4, is a handsome bay, brought in for the races by L. H. Daniels of Chilo, California. When raced last year at Toronto, Jim Logan was just beaten at 2:02 3/4. Captains of the same stable, won the Oliver stake engagements at two and three years old, the Breeder's Futurity at state fairs, at two and three years, and four Futurity purses at the same ages. Capitula is a bright bay mare, sired by Dan Logan.

Rid Cupid, sired by Cupid, record 2:10 1/2, and Don Swift, a green trotting horse sired by Almonson D. are also members of the Daniels string.

Geo. Kaysman of Edmonton points with pride to Filis, a Russian horse thirteen years old. Like Smokey of recent horse show fame, Filis is not afraid to face anything in his own class, up-standing, big-bodied, his confirmation suggesting great strength and endurance. Bred in England, Filis was imported to Russia, and later brought to Canada.

Scotia, a promising looking five year old, Waseali, and Conflagration a dark chestnut animal, all green horses owned by the Kaysman stable.

From New Brunswick Crickcheats has brought Prince Jack, a pacer with a record of 2:34 to his credit. Darby Hat, a four year old, holding a record of 2:01 1/4.

Hamlet, in the Dempster string, was brought here by Al Proctor, who owned Grand Opera, and who knows a good horse when he sees it.

A. T. Vance has in training a six-year-old, two years old June, sired by Larry G. This colt will not appear in Edmonton tracks this year, but has been entered in all Futurity races down the line for next year.

Miss City, Montana, is represented by Mayer, with two horses, a green trotter, Tom Carlyle, and Billie J. who starts in the 1st class.

Public School Baseball. In a scheduled game in the Public School Baseball league played yesterday, the Highlands defeated Fairview by a score of 11 to 7. The batting features were provided by Moorehouse and Bragg, who both clouted out home runs.

GARIBALDI—ITALIA'S GREAT PATRIOT

In the cause of Personal and National Liberty this modern Riemzi of sunny Italy would have gladly laid down his life. It inspired him to deeds of immortal grandeur, of superb valor and of boundless suffering. Garibaldi would not have legislative tyranny of any kind enter into his own private life any more than will our millions of liberty-loving Italian citizens. His flaming soul scorned any legislation which would prohibit ALL because ONE man out of thousands imbibes in gluttonous quantities. He knew that the light wines of Italy and the barley brews of Germany are beneficial to humanity.

Upon an old Germanic basis 57 years ago Anheuser-Busch, brewers of Budweiser, established their brand. The Constitution of the United States is the sole authority upon which they launched their business in America. Every day of these 57 years has been devoted to the brewing of an honest Barley-malt and Saazer Hop brew—the kind that spells Temperance throughout the world. Seven thousand, five hundred people are daily required to keep pace with the public demand for Budweiser. Its sales exceed any other beer by millions of bottles.

Bottled only at the home plant. The Hudson's Bay Co. Distributors Edmonton
